Connecting Consumers and REALTORS®

Frequently Asked Questions

How are we compensated for bringing a client who rents a listed property?

Unlike an MLS system, there are no offers for compensation for bringing a client to a property manager. While some property managers do offer compensation, is outside the goal of this website. Its purpose is simply to make consumers aware of properties for rent on either a vacation or long-term rental basis. (A property manager is allowed to enter compensation in the remarks field if he/she so desires.)

I can't log-in!

Where do I enter rental information?

First, your broker in charge (BIC) must enter you into the program as a rental agent. Once that is accomplished and you have logged in, simply click on "Enter a Rental" on the toolbar.
